3. The failure to perform a requirement or the failure to perform a requirement in a timely manner.

Sec. 17. “Violation order” means a decision issued by the State Engineer in conjunction with a finding of alleged violation which sets forth the required actions and periods of time for the respondent to correct a violation specified in the order.

Sec. 18. *If a person under the jurisdiction of the Division, **including the owner of a well constructed for the development and use of water for domestic purposes,** commits a violation, the State Engineer may;*

1. *Issue a warning letter setting forth the alleged violation and requesting the person to correct the violation;*

2. *Commence an enforcement action which will include:*

(a) *A finding of alleged violation which:*

(1) *Specifies the requirement allegedly violated; and*

(2) *Supports the allegations with facts determined by the Division; and*

(b) *A violation order which specifies a reasonable deadline by which the respondent must:*

(1) *Comply with the requirements set fourth in the finding of alleged violation;*

(2) *Submit to the Division a written mitigation plan approved by the Division setting forth the circumstances under which the respondent intends to comply with those requirements;*

(3) *Meet with Division staff to show cause (Hearing to show cause) why the Division should not seek injunctive relief; and*

(4) *Submit any other information relating to the violation specified by the Division;*
or

3. *Seek injunctive relief pursuant to NRS 533.482, 534.195, 535.210 or 536.210, as appropriate.*

Sec. 19. 1. *In computing any period of time prescribed by this chapter, the day of the act from which the designated period begins is included. The last day of the period so computed is included unless it is a Saturday, Sunday or legal holiday. If the last day is a Saturday, Sunday or legal holiday, the period runs until the end of the next day which is not a Saturday, Sunday or legal holiday. If the period prescribed is less than 7 days, intermediate Saturdays, Sundays or legal holidays are excluded.*

2. *The State Engineer may extend any time limit contained in this chapter for good cause. All requests for extensions must be submitted in writing within the period specified by the State Engineer.*

3. Any information which is hand-delivered to the Division during regular business hours shall be deemed filed on the date of delivery.

4. Any information deposited in the United States mail shall be deemed filed on the date of the postmark on the envelope in which it was mailed, as provided in NRS 238.100.

5. Unless the State Engineer gives prior written approval, any information transmitted electronically will not be accepted for filing.

Sec. 20. 1. The State Engineer may assess a penalty not to exceed \$10,000 per day for each violation, not including any assessed enforcement costs or requirement to replace any water.

2. The period for which the State Engineer may impose an administrative fine pursuant to NRS 533.481, 534.193, 535.200 or 536.200 begins on the first day the violation occurs and continues to accrue until the day the respondent corrects the violation. In calculating a period of time pursuant to this subsection, the State Engineer will not include delays which are not caused by the respondent.

3. In addition to an administrative fine, the State Engineer may assess enforcement costs and the cost of compliance inspections as follows:

(a) For enforcement costs, time spent to enforce actions surrounding the violation by water enforcement staff, supervisors and the Attorney General's Office, at the full cost of the hourly rate of each employee, including, without limitation, salary, benefits, overhead and other directly related costs.

(b) For compliance inspections, the amount due based on staff time at the full cost of the hourly rate of the employee, including, without limitation, salary, benefits, overhead and other directly related costs.

4. The amount of a penalty assessed pursuant to this section is based on:

(a) The gravity of the violation, including, without limitation, any economic injury or impact to other persons;

(b) Whether the respondent **made significant progress towards correcting the violation and** attempted to comply with any applicable orders of the State Engineer;

(c) Any prior violations committed by the respondent; and

(d) The economic benefit, if any, derived by the respondent from the violation;

(e) *In the case of unlawfully using, wasting or diverting water;*

(1) *The relative amount of water involved; and*

(2) *The method used to measure the water in question;*

(f) *Any other relevant facts established at the Hearing to show cause before the State Engineer.*

Sec 21. Appearance of parties; procedure at hearing to show cause.

1. The parties may appear in person and may be represented by counsel. All testimony must be given under oath and recorded.

2. The Division:

(a) Will determine the order of the presentation of evidence; and

(b) May limit the time and scope of the examination of witnesses and disallow repetitive testimony.

Sec 22. Conduct at hearing to show cause; maintenance of order.

1. A person who appears in a proceeding shall conform to the recognized standards of ethical and courteous conduct as determined by the Division. All parties to a hearing, their counsel and the spectators shall conduct themselves in a respectful manner.

2. The Division may take any action which it determines is necessary to maintain order during a hearing, including, without limitation:

(a) Excluding a party or his attorney or authorized representative from the hearing;

(b) Excluding a witness from the hearing; and

(c) Limiting the taking of testimony and presentation of evidence during the hearing.

Sec. 231. 1. In addition to any penalty assessed pursuant to section 20 of this regulation, the State Engineer may, pursuant to NRS 533.481 or 534.193, order the respondent against whom the penalty is assessed to replace not more than 200 percent of any water unlawfully used, wasted, or diverted.

2. Before ordering a replacement of water, the State Engineer will consider:

(a) The value or quantity of water unlawfully used, wasted or diverted, including, without limitation, the cost or difficulty of replacing the water;

(b) The gravity of the violation, including, without limitation, any economic injury or impact to other persons;

(c) Whether the respondent attempted to comply with any applicable orders of the State Engineer; and

(d) The economic benefit, if any, derived by the respondent from the violation.

Sec. 242. *1. A respondent may request, in writing, a hearing before an independent advisory committee within 30 days after the date the State Engineer imposes a penalty against the respondent.*

2. The independent advisory committee must schedule a hearing within 30 days after receiving the request, unless the Division extends the time for good cause.

3. The State Engineer, in conjunction with the independent advisory committee, will determine the time, date and location of the hearing and notify the respondent of that fact.

4. The State Engineer will issue a final decision concerning the appeal within 30 days after the hearing.

Sec. 253. *At any time after a violation is committed, the respondent may propose an alternative penalty for the violation. If it is accepted by the State Engineer, the matter may be resolved pursuant to the proposal.*

Sec. 264. *Pursuant to NRS 533.481, 534.193, 535.200 or 536.200, as appropriate, the respondent may appeal any order or decision of the State Engineer to a district court.*
